Italian Journal of Science & Technology Studies

Vol. 5, Nr. 1, June 2014

**Cover** *The Table of Alliance*, by Daniela Papadia

*Special Issue*

***From Bench to Bed and Back:  
Laboratories and Biomedical Research***

**Guest Editors' Introduction**

**Federico Neresini and Assunta Viteritti**

*From Bench to Bed, Back and Beyond: The Four Bs of Biomedical Research* p. 5

**Lecture**

**Alberto Cambrosio, Pascale Bourret,  
Vololona Rabeharisoa and Michel Callon**

*Big Data and the Collective Turn in Biomedicine: How Should We Analyse  
Post-Genomic Practices?* p. 11

**Essays**

**Stefano Crabu**

*Nanomedicine in the Making: Expectations, Scientific Narrations  
and Materiality* p. 43

**Lorenzo Beltrame**

*The Bio-Objectification of Umbilical Cord Blood: Socio-Economic  
and Epistemic Implications of Biobanking* p. 67

**Nadine Levin**

*What's Being Translated in Translational Research? Making and  
Making Sense of Data between the Laboratory and the Clinic* p. 91

**Mauro Turrini**

*The Controversial Molecular Turn in Prenatal Diagnosis:  
CGH Array Clinical Approaches and Biomedical Platforms* p. 115

**Conor M.W. Douglas**

*The Role of Bioinformatics in Facilitating Translational Science  
and Medicine* p. 141

**Conversations****Valerie Burri, Akatarini A. Aspradaki  
and Annamaria Carusi**

*Visualising Bodies Within and Beyond Laboratories and Clinics* p. 165

**Scenarios****Jean Harrington and Christine Hauskeller**

*Translational Research: An Imperative Shaping the Spaces  
in Biomedicine* p. 191

**Book Reviews** p. 203
